

Solo Dog Walk

My dog walks are all about discovering new places in the great outdoors and getting those steps in! You can rest assured that your furry friend is well exercised when they're out and about with me before they are returned home, ready for a rest.

- 30 min walk - £13
- 45 min walk - £15
- 1 hour walk - £20

Group Dog Walk

These are all about dogs having plenty of exercise plus they have the bonus of getting to socialise with other canine companions. The maximum number of dogs I'll take out together in a group is four and I'll make sure I match members based on their breed, size and/or temperaments. Whilst we normally go out and about exploring local neighbourhoods together, I will occasionally take them to a secure dog paddock so they can run free, off lead.

- 1 hour walk - £15

Additional Charges

* When walking or conducting a pop-in for more than 1 dog/puppy from the same household, an additional £5 fee per dog/puppy will be charged.

* If you're wanting me to look after your dog/puppy over a Bank Holiday, or Christmas, there will be a surcharge as I don't normally work during these periods.

Extra Information

* I always make sure I send updates and photos after walks or pop-ins so you can get an insight into where we've been exploring or just because your dog/puppy looks super cute.
